LETTERS OF THE PEOPLE.

THE CONTRAST DRAWN BY AN OBSERVANT RESIDENT OF THE WEST.

BAD SHOWING FOR CHRISTIAN STATE.

An Awakening Needed—Some Reflections on the Machine From Randolph—An Eastern Note or two.

SOME EASTERN NOTES.

Nicanor, N. C., June 6 1901.—An accident occurred on the B. & P. R. R. here last week. Frank Jenkins, while sitting on a log car started to jump off and came very near getting killed. He had his leg caught under a moving car and cut off. He is getting along very well at present.

Our colored people held their East Roanoke Association meeting at Warren Grove church in Chowan county, N. C., last week, and had many visitors from all parts of the state. Addresses were made on different subjects. The amount of money raised by the association was $156.69.

S. M. McGee.

THE TEACHING OF THE BIBLE AND THE TEACHING OF LEADING DEMOCRATS IN N. C. CONTRASTED!

Bible:—"Thou shalt love thy neighbor as thyself," Gal. 5:14.

Democrat:—"If thy neighbor is not a democrat. thou shall hate him with cruel hatred." (See their general conduct.)

Bible:—"If you fulfill the royal law according to the Scriptures, thou shalt love thy neighbor as thyself, ye do well," James 2:8.

Democrats:—"If ye fulfill the royal law, as taught by red-shirt democracy, thou shalt shoot down thy neighbor, who refuses to be a democrat." (See campaign of 1900 &c.)

RESPECT TO PERSONS.

Bible:—"But if ye have respect to persons, ye commit sin" &c. James 2:9.

Democrats:—"Thou shalt respect no one who is not a democrat, let his age or calling be what it may."

SLANDER.

Bible:—"He that hideth hatred with lying lips and he that uttereth a slander is a fool," Prov. 10:18.

Democrats:—"Slander everybody who is not a democrat, and especially if they are ministers or office seekers.'

Bible:—"Whoso privily slandereth his neighbor, him will I cut off," Psalm 101:5.

Democrats:—"Whoso slandereth the populists and republicans, shall be appointed to office by the Governor."

LYING.

Bible:—"A poor man is better than a liar," Prov. 19:22

Democrats:—A liar is highly esteemed in our party. (See registrars and poll holders.)

Bible:—"All liars shall have their part in the lake which burneth with fire and brimstone, which is the second death," Rev. 21:8.

Democrats:—"All who lieth in the interest of our party, shall be rewarded—abundantly, with pie and party honors." (See appointments by Aycock.)

FALSE SWEARING.

Bible:—"And I will be a swift witness against false swearers," Mal. 3:5.

Democrats:—To returning board and poll holders. "We must carry the state by all hazards, even if ye have to swear falsely and count 2,000 more votes in Halifax county than there are registered voters in the county of all parties and colors; and we will be swift witnesses for you if you should be prosecuted, and we will employ counsel at the expense of the state to defend you." (See acts of the legislature of 1901.

Election over:—"Well done ye good and faithful servants, ye carried out our instructions! Glory Hallelujah!

STEALING.

Bible:—"Thou shalt not steal," Exodus 20:15.

"Ye shall not steal, neither deal falsely, neither lie one to another," Lev. 19:11.

Democrats:—"We must steal enough votes to carry the state" (Aycock and Simmons.) "We have carried it by fraud" &c.

FRAUD.

Bible:—"Thou shalt not defraud thy neighbor, neither rob him" &c. Lev. 17:13.

Democrats;—"We must defraud many voters both white and black, by refusing to register them, and by not counting the votes as cast, and by fraud get every office in the state, if possible, from United States Senator down, and we can rely on about 90 per cent of the ministers to help us, or keep silent" &c.

MURDER.

Bible:—"Thou shalt not kill," Deut. 5:17, Matt. 5:21, Rom. 13:9.

Democrats:—"If it is necessary to carry the state and secure the offices for our party, shoot white and black and parade the state with red shirts, shotguns and pistols." (Wilmington, Winston and other places.)

And the great contrast between Bible teaching and the teaching of the leaders in democracy so-called in North Carolina could be carried on to a great extent from the fact that they have violated about every command in God's Word, and we challenge contradiction! Yet about nine tenths of the ministers in North Carolina are giving their influence and votes to sustain that party that has and is violating about every command of God.

Is it any wonder that the churches are not increasing numerically, as they did years ago?

May God bring about a great change both politically and ecclesiastically.

GEO. E. HUNT.

THE SIMMONS MACHINE MANIPULATING—REWARDS TO THE FAITHFUL—ECONOMY TO THE REAR.

RANDLEMAN, N. C., JUNE 10.

The Simmons appointee, the Grand Mogul and Division Commander for Randolph county is yet exercising his divine right—manipulating the minor appointments in such away that these favored ones may have benefit and he pleasure thereby—looking to the nomination for congress as part pay for his wisdom, sagacity and watchfulness.

In the matter of Superintendent of Health, it was not considered to the best interest of the division commander to allow what the people thought a logical arrangement. So the machine ordered the usurping coroner to resign that position to take a higher seat in the synagogue, having proved himself worthy by implicit obedience. One candidate who offered to perform the duties of superintendent of health for one half the salary paid was rewarded with the appointment of the lucrative position of coroner; another was appointed one of the election board and hence having been caught in this ruse, his lips was sealed at the pie counter.

Now when the faithful began to congratulate themselves on the successful close of this incident, came up from the west and corners of the county—a "Sand Blast" the droppings from which were accusations of double dealings and acts resembling which an Apache Indian would scarcely be proud.

Seven New National Banks in North Carolina.

The Comptroller of the Currency has prepared a statement which shows that since March 14, 1900, to May 31, 1901, seven banks have been organized in North Carolina, as follows: First National Bank of Weldon $25,000; First National Bank of Morganton, $25,000; First National Bank of King's Mountain, $25,000; Elkin National Bank of Elkin, $50,000; First National Bank of Laurinburg, $25,000; National Bank of Fayetteville, $25,000; National Bank of Lexington, $25,000.

A Young Woman Jailed for Stealing From her Schoolmates.

Northampton, Mass., June 6.—Miss Mabel Lawrence Burt, of Bridgeton, N. J., daughter of a prominent lawyer of that place, was arraigned in the district court today, on the charge of the larceny of a diamond and ruby ring, the property of a student at Smith College, valued at $1,000 and sums of money aggregating $8,000 additional from various students at that institution. She pleaded guilty and was held in $1,500 bonds for the grand jury. In default she was taken to jail.

Man's Arm Found in a Shark.

Charleston S. C., Special, 5th to Atlanta News.

A large shark, measuring fifteen feet, was caught in Charleston harbor by fishermen this morning. When the body was cut open the arm of a man in a perfect state of preservation was found in the belly of the shark.

The arm is supposed to be one from one of the fishermen who were lost in the squall off Charleston last Friday, when fifteen fishermen perished.

State Board of Elections.

The State Board of Elections appointed to serve for two years, is composed of the following: Wilson G. Lamb, of Martin; Robt. T. Claywell, of Burke; R. A. Doughton, of Alleghany; Clarence Call, of Wilkes and A. B. Freeman, of Henderson. The first three are Democrats and the last two are Republicans. It will be seen that the People's Party was denied representation.

Snow Storm in North Dakota.

Jamestown, N. D., June 6.—Snow fell heavily to-day, throughout the central and northern portions of North Dakota. At Jamestown snow fell for two hours this morning. A similar state of affairs is reported in towns north of here. It quickly melted. The oldest settlers cannot recall a similar occurrence in June.

North Carolina Believes in Advertising.

Richm nd Times.

North Carolina is to be represented at the Charleston Exposition, the board of agriculture having appropriated $9,000 for that purpose. North Carolina believes in advertising. Virginia seems to think that she does not need to be advertised, but live merchants do not agree with her.

Cuthbert, Ga., June 6.—Peach shippers are busy. They have about completed shipping the Sneed variety and are now shipping the Alexander and Triumph varieties. The Cuthbert peach is still popular on the market and bringing good prices.

A STREET BRAWL IN HOUSTON, TEXAS.

Two Men Killed and Two Wounded—A Bloody Battle Over a Hog—But not Governor Hogg.

Houston, Tex., June 7.—As the result of an indictment charging hog theft, a shooting affray occurred here today in which Thomas Payne and L. D. Echols were killed, J. B. Perkins was fatally, and Dave Echols badly, wounded. Payne's son was on trial and the Echols had been summoned as witnesses. They met down town and after a few words the shooting began. Perkins was a brother-in-law of Payne, and he and Echols fired at about the same time. Echols' bullet struck Payne and in the same seconds Perkins' shot killed Echols.

Dave Echols opened fire on Perkins and on young Payne. Two bullets struck Perkins, and a wound in the groin will probably prove fatal. Perkins wounded Dave Echols in the arm and amputation will be necessary. The younger Payne was not hit. The street was crowded at the time of the shooting, but no one save those directly involved were hurt. Every bullet fired struck the mark, with the exception of one which young Payne fired and which struck his father, though he was probably dead at the time.

A Famine in Siberia.

Victoria, B.C., Dispatch.

News received from Siberia gives the most distressing accounts of the great famine which has overtaken the greater part of western and central Siberia. Even eastern Siberia, hitherto the most prosperous part of the country, has been overtaken by famine. In this case the famine is the consequence of too much rain. The new railway has ruined large numbers of inhabitants of the Siberian tract who formerly lived by hiving horses and engaging in trsnsport. Some of the newspapers declare that Russia would be seriously hampered if complications were to come in China, as the Siberian grain reserves, which were relied upon to feed the army in Nanchuria, are practically exhausted.

Five Inches of Rainfall in Mississippi.

Jackson, Miss., June 6.—There was a terrific fall of rain throughout this section of Mississippi today. The down-pour lasted for eight hours and the local weather observer reports that it amounted to nearly five inches. Railroad traffic is greatly delayed and on several branch roads has been suspended until the waters subside. A number of washouts are reported on the Yazoo and Mississippi Valley and Gulf and Ship Island roads.

$100 Nugget Found.

Albemarle, June 5.—Mr. J. W. Leonard, manager of the Ingram gold mine, brought in another nugget this morning, which weighed 111 pennyweights, worth about $100.

A PRISONER FOR 25 YEARS.

STRANGE STORY COMES FROM PARIS.

Madame Monnier Imprisons Her Daughter in a Dark Room and Keeps Her There For a Quarter of a Century—The Awful Sight That Met the Police When They Opened the Prison Door.

Paris, June 8.—The sensation of the week has been the arrest of Mad am Monnier, a rich, miserly, landowner of the neighborhood of Poitiers, and her son, a former prefect of the Department of Vienna and a leader of Poitier's society, on the charge of incarcerating Mlle Blanche Monnier, daughter of Madame Monnier, for twenty-five years, in a room of Madame Monnier's house. The police who were anonymously notified of the woman's detention, entered the house and found Mlle. Monnier shut up in a room, in darkness, lying on a mattress, stark naked, and so emaciated that she appeared to be a living skeleton. The room was covered with filth, bones, refuse food, worms, rats and all kinds of vermin. The unfortunate woman, who had partially lost her reason, was taken to a hospital. It was thought she would die, but she is now improving. Twenty-five years ago she was a beautiful brunette and fell in love with a lawyer without means. Her mother disapproved of their love and confined her in the room which she has only recently left. The son, after his arrest, pleaded that he acted as he did on account of filial piety and that the mother was responsible. The lawyer died in 1885.

There was another dramatic development in the case to-day. Madame Monnier died in prison of heart disease. The gravity of her crime was brought home to her at the judge's examination Thursday. She became ill and died suddenly in the infirmary of the prison this morning.

Weds the Family Coachman.

Bennington, Vt, Dispatch.

Miss Laura Baker Culver, daughter of the cashier of the North Granville, N. Y., National Bank, left home Monday, ostensibly to visit relatives in Sandy Hill. Yesterday she went to Caldwell, where she met Frederick W. Aldhouse, and they were married in the afternoon.

Aldhouse has been a coachman in the Culver family for several years, but was recently discharged.

THE FORESTS AND FLOODS.

OBSERVATIONS ON THE CATAWBA DISASTER BY A GOVERNMENT EXPERT.

THE CAUSE OF THE GREAT DAMAGE.

Farmers More at the Mercy of Floods Than Ever Before—Destruction of The Forest the Chief and Growing Trouble.

Charlotte Observer.

Mr. E. W. Myers, of Chapel Hill, who is connected with the United States Geological Survey, and who has been detailed to examine the Catawba river for the purpose of making a report on the recent flood, was in the city last Thursday.

In an interview with an Observer reporter Mr. Myers stated that he had followed the Catawba from its source in the Swannanoa Gap to Rock Hill, S. C., and had talked with the residents who live along the river for this distance. He approximates the damage done by the flood at $500,000. The damage along the river side has been general and in proportion to the acreage of bottom land. In practically all the wheat fields close to the river the land has been sanded over for two or three feet deep and the corn fields have been completely washed away—down to an unproductive subsoil The injury to farming land was greatest in Burke and McDowell counties, said Mr. Myers, because in these counties there is more bottom land. In McDowell the damage is about $100,000, and in Burke it is between $250,000 and $300,000. The broad bottom lands in the latter county are simply ruined for a distance of three hundred yards on either side of the Catawba.

The velocity of the water, said Mr. Myers, was greater than ever before. At Rock Hill the current ran about ten miles an hour, which is a terrific and hurtful pace for the Catawba. And it is universally admitted that during the recent flood the river was much higher than ever before.

The hurtful effects of the velocity of the water was not due to amount of rain that fell, for the weather bureau reports indicate that much heavier rains have fallen in the past and the volume of water was carried off without injurious consequence. The whole secret of the bad effect and extent of the flood lies in the deforestration in the western part of the state Along the Linville river and in all parts of western Carolina the country is being stripped of trees, and this is followed by the forest fires which sweep away all vegetation or undergrowth. When the rains fall on such land there is nothing to retard the current of the water. With great force it strikes the river; the velocity of the Catawba is increased by the mad violence of the water and the current develops a wonderful and dangerous power. Every man who lives by the river, said Mr. Myers, says, without hesitation, that the cutting away of the timber is entirely responsible for the serious flood. "In the future," said he, "the land along the Catawba will be more at the mercy of the river. The last freshet tore off vegetation along the banks, made new channels, or cut-offs, and broke through all the elbows of the river. So the farm land is much more unprotected than formerly and it is in the power of a comparatively small freshet to do vast injury?"

"What is the remedy?"

"There is no present remedy," said Mr. Myers. "This flood suggests no warning to the timber men in the western part of the state. They are more active now than ever before in the history of the state and they are cutting down all the trees they can reach. It is the truth that as the matter stands there is plain, though not recognized, warfare between the timber men and the farmers. The timber men are making money, but are ruining the farmers along the Catawba. This question is most vital, but the people do not seem to understand or appreciate the great danger that confronts them. The ultimate and absolutely necessary remedy will be a measure that will prevent the wild and wasteful cutting of timber. This, together with the establishment of the Appalachian Park, which will preserve timber around the source of the river, is the only hope."

The Saloon Smasher Says She is Coming to North Carolina.

The Littleton correspondent of the Morning Post says:

Mr. J. B. Pearce, an earnest advocate of temperance, wrote to Mrs. Carrie Nation several days ago and asked her if she would not include our town in her contemplated tour through this state, and aid us in our efforts to get rid of the saloons. He received a telegram today saying that she will be here on the 25th of this month, and bring her hatchet. An exciting time is expected.

Philadelphia Appropriates $35,000 for an Exhibit at Charleston.

Philadelphia, June 6.—Select councils adopted a joint resolution appropriating $35,000 to be expended for a proper representation of the city of Philadelphia at the Charleston Exposition.

DANGER FOR THE SOUTH.

WILD SCHEMES OF DISFRANCHISEMENT JEOPARDIZING INTERESTS.

VIEWS OF CONGRESSMAN LIVINGSTON.

Georgia Needs no Amendment—That State is Handling the Negro Question Satisfactorily—Disfranchisement May Cut Down Representation.

Charlotte Observer.

Washington, June 5.—The leading member of the minority of the great appropriation committee of the House—Congressman Livingston, of Georgia—sees danger ahead for the South. He is not in favor of any constitutional amendment for his State in line with amendments on the suffrage question which have been adopted by Louisiana, Mississippi, North and South Carolina. He sees danger in such amendments which he thinks may in the future result in the cutting down of the congressional representation of States adopting them.

"I think our people are against such amendments to our state constitution," he said. "We are getting along nicely with the negro in Georgia. The states which adopt the amendments already adopted by Louisiana, Mississippi, North and South Carolina, may see the time when Congress will take the matter up with a view to affecting their representation in Congress. As long as Georgia is doing well we do not care to run a risk of having our representation cut down in the United States Congress and the electorial college. I was opposed to giving the republicans the advantages we gave them at the last session in increasing their membership in the House. We gave them an increase of nine members when there was no necessity for it, but we had democrats who were so anxious to get their own representation increased that they were willing to let them do as they wanted.

"The House was large enough. Now, if they conclude their margin is not sufficient, and claim their right to increase it by reducing the representation of such states as Louisiana, Mississippi, North and South Carolina, it would bring turmoil and strife and re-open the issues of the civil war. For these reasons I do not think it is best for the Southern states to adopt such constitutional amendments. I think the Georgia election law remedies the whole trouble complained of in the South. Any man can vote in Georgia if he is not a felon and has paid his taxes. The great majority of the negroes have only a poll tax to pay. A negro can refuse to pay his poll tax of $1, and after he has done so for twenty years he can vote any time by paying it up. But hundreds and hundreds of them prefer to take care of the dollar to voting. We have no educational qualification. The number of negroes in our state is not so large as it was formerly. Very many of them are moving away where agricultural conditions are better than they are in Georgia. The colored people in the state are now in the proportion of four to six."

A Student at Richmond College Sent Home in Disgrace.

Richmond, June 7.—A young man who is the son of one of the most prominent and popular ministers in the State and who came of a family with a long and illustrious line of ancestors, was expelled last night from Richmond College for stealing, and has been sent home. He was caught by Detective Wrenn after rigid investigation. Articles had been missing at the college, among them a gold watch belonging to Prof. F. B. Winston, of the chair of physics. The watch was recovered from a pawn shop and when the young man's rooms were searched many articles belonging to other students were found. The young man seems crushed by the disgrace.

A Large Deal in Real Estate.

Morganton, N. C., June 7.—Information from Asheville today is to the effect that the M. B. Wilkinsom Lumber Company have bought the Cheever property comprising over 30,000 acres of land in Burke county. The company will build a narrow guage railroad from Morganton to Short-off mountain, the western end of the property, a distance of about eighteen miles. They will also erect a large lumber plant at Morganton, which will add to the town and county's material prosperity. Mr. M. B. Wilkinson, manager of the company, will shortly move his family to Morganton to live.

A Worthy Young Man.

Charity and Children.

The valedictorian at Wake Forest this year was Mr. Rooke, a poor boy, who could not afford to board at a boarding house, but bought his rations and did his own cooking. We have heard that his record as a student was the best ever made at the college. The world will hear from the young man if his life is spared.

A FLY WHEEL BURSTS.

A Fragment Smashes Into a House 350 Feet Away and Kills a Negro Woman.

Charleston, S. C., June 7.—A fly wheel at the power house of the Charleston Consolidated Railway, Gas and Electric Light Company, sixteen feet in diameter and weighing eighteen tons, broke into a myriad of fragments at 11 o'clock to-night, one of which killed a negro woman.

At the time of the accident the wheel was making 150 revolutions a minute and enormous pieces went through the wall and roof. One piece five feet long and weighing about a ton struck a shanty 350 feet from the power house and killed Lydia Bonneau, a negro woman. In the bed by her side was her husband who was untouched. After killing the woman the mass of iron burst through the shanty floor and finally half buried itself in the ground 15 feet away.

Exactly as Advertised.

London Answers.

An indignant working farmer returned an hour after purchasing a horse.

"Look here, sir!" he exclaimed. "I don't want this horse you sold me! He shies. I can't get him to cross the bridge."

"That's the reason I sold him," said the dealer, calmly. "Why did you come to me for the horse?"

"I saw your advertisement in the paper."

"I thought so. I gave my reasons for selling him."

"Yes; to be sold, you stated, for no other reason than that the owner wanted to go out of town."

"Well, if you can get out of this town with him," said the dealer, "it will be more than I can do."

Mark Hanna a Colonel.

Cleveland, June 6.—Senator M. A. Hanna has been appointed a colonel on the official staff of Gen. Rassieur, commander in chief of the Grand Army of the Republic. Senator Hanna was recently mustered into the Grand Army of the Republic as a member of Memorial post in this city.

Millions for Medical Science.

St. Paul, June 7.—Official announcement was made at the National Medical Convention of the gift of $2,000,000 by John D. Rockefeller to the association for the purpose of furthering scientific medical research. The tender of the gift was made through Dr. W. W. Welch, of the faculty of Johns Hopkins University.

Carnegie Giving Away Money in Great Britain.

London, June 7.—Andrew Carnegie signed a deed today transferring $10,000,000 in five per cent. United States Steel Corporation bonds to trustees for benefit of the Universities of Scotland. The amount becomes immediately available.

MADE JOBS FOR THEMSELVES.

HAS REACHED A SICKENING POINT.

The Legislature Created a Large Number of Offices, And in Turn Have Been Appointed by the Governor or Board of Directors to Fill the Offices.

Monroe Enquirer.

The tendency of the appointive power in our state government is to give places to members of the legislature. This has been carried on to such an extent that a large per cent of the memers of the last legislature has been appointed to positions of trust and honor. The common, everyday people of the state are criticising such an abuse of power, as we have just right and cause to do. The legislature created a large number of offices and then in turn the Governor or board of directors put in positions of honor and trust those same legislators who made the offices to which they are appointed. Now, we have four new judicial districts to which judges and solicitors are appointed by the Governor, and three of the judges and three solicitors are members of the legislature which created the new districts. J. S. Mann, a member of the legislature, was elected by the board of directors of the penitentiary as the superintendent of our state prison. The legislature created that board and the board "set up" an influential member of the legislature which created it. And thus it goes until it has reached a sickening point. It looks very much to a man up a tree like a case of "you tickle me with a straw and I'll tickle you with a telegraph pole."

South Carolina Whiskers Gone to Seed.

Greenville, S. C., June 7.—Besides having exciting politics and being the author of the dispensary system, South Carolina seeks the distinction of produing the men with the longest whiskers. The neighboring county of Laurens has within its borders more than half a dozen men whose whiskers touch the ground, and these men are fully up to the average in height. P. H. Martin has the distinction of wearing the longest chin ornaments. It is believed that if he did not keep them trimmed they would reach the length of 13 feet or more, for he found that they grow not less than six inches each year.

NEW U. S. COMMISSIONERS.

Judge Purnell has Revoked the Commissions of all U. S. Commissioners and Made New Appointments to Take Effect July 1st.

Judge Thomas R. Purnell, of the United States District Court, a few days since issued the following general order which is self explanatory, to-wit:

Whereas, the United States Commissioners in and for the Eastern District of North Carolina have been appointed from time to time, many of whose commissions expire on the first day of July, 1901, and whereas, the Act of Congress, ratified on the 28th day of May, 1897, requires the the District Courts to appoint United States Commissioners for four years, unless sooner removed.

It is now considered and ordered by the Court, that the commissions of all United States Commissioners in and for the Eastern District of North Carolina be, and the same are hereby, revoked, and said commissioners removed from office from and after July 1, 1901.

That the following persons be and they are hereby appointed United States Commissioners in and for the Eastern District of North Carolina for the term of four years from and after the first day of July, 1901, unless sooner removed:

THE BELGIAN SAVINGS BANK.

Increases in the Number of Books and Amount of Deposits.

Washington Post.

Official statistics concerning the Belgian Government savings bank, sent to the State Department by Mr. George W. Roosevelt, the American Consul at Brussels, show that on December 31st, 1900, the number of books was 1,762,434, against 1,647,263 in the previous year, and the amount of deposits was $127,428,143.38, an increase during the year of $7,200,144. The capitalized interest amounted to $3,462,840.43, which added to the amount represented in depositors' books, made a grand total of $130,890,983.82, belonging almost exclusively to the working class. Owing to the industrial prosperity throughout Belgium during the past two years, there was a noticeable increase in deposits; but during the last six months, on account of the strike among the glass workers in the Charleroi district, there has been a falling off.

Statistics also show that the inhabitants of the province of Hainaut are the most thrifty and saving in Belgium, as their deposits in the postoffices alone during the year just ended amounted to $19,630,963.43.

Married 34 Times, Father of 52 Children and Petered Out at the Age of 105.

Indianapolis, June 8th.—George Smith, a colored man, is dead here at the age of 105 years. He died at the home of Captain David Braden, who brought him from the South during the civil war. His earliest recollection was that when a child at Walls Ferry, Va., his master sold him for six dollars.

He was nineteen years old at the time of the battle of New Orleans. He said he was the body slave of Captain Asa Brown, of Nashville, during the Mexican war and during the civil war until his master was killed at the battle at Lebanon, Tenn. The old man said he had been married 34 times and that he was the father of 52 children.

The Klondike Gold Output.

Dawson, May 21.—Via Seattle, June 7.—The spring clean-up season is in full swing in all parts of the Klondike camp. The spring clean-up of the camp is estimated at $15,000,000, and the summer output at $10,000,000. Gold dust is now coming into Dawson at the rate of $30,000 to $40,000 a day.

MacArthur Announces That all of the Volunteers are Coming Home.

Washington, June 7.—A cablegram was received at the War Department today from General MacArthur, at Manila, announcing that all the volunteers have left the Philippines, en route for the United States.

A Boy Accidently Kills his Sister.

Ore Hill, N. C., June 7.—The sad intelligence of the death of Mr. Henry Siler's little eight-year-old daughter, near Siler City, is reported this morning, caused by an accidental shot in her knee from a gun in the hands of her eighteen year old brother. It appears that while the little girl was playing with her doll the young man playfully pointed the gun at the doll, saying he meant to shoot it. At that moment the weapon was accidentally discharged with the results as stated.

Sentence of a North Carolina Counterfeiter Commuted.

Washington, June 6.—The President to-day commuted the sentence of Nichols Politz, who was convicted in North Carolina, of counterfeiting, and sentenced to serve six years in prison. His sentence is commuted to expire June 13, at which time he will have served two years.

THE PENITENTIARY "BUSTED" AGAIN.

The present managers of the penitentiary, who are choice selections made by the Simmons redshirt machine, are now putting up a pitiful plea that the penitentiary cannot be self-sustaining on account of the recent great floods which have damaged the crops and broken some of the dikes, etc.

It will be remembered that in the campaign of 1897 and 1899 these same Democratic politicians charged that the penitentiary was not self-sustaining, and that this was due to the incompetence and corruption (none of which was ever proven) of the fusion management. So when the Democratic politicians came into power they proceeded to issue one hundred thousand dollars of bonds, which they stated on the face of the bonds were issued to pay the indebtedness of the penitentiary on account of the mismanagement of the Fusion administration. No credit was given to the Fusion management on account of several years of bad crops and on account of five-cent cotton; all of these things were charged up to "incompetence and mismanagement." But since the Democratic machine got in control it is noticeable that they have had good crops and that cotton has sold, not at five cents, but at nine and ten cents per pound. Yet during that time they have spent $105,000 more than they made, and in the face of their extravagance and mismanagement they have had the "cheek" to issue a statement that they were making the penitentiary self-sustaining.

No doubt, at an early date they will change their tune and declare that they cannot now make it self-sustaining on account of the recent floods and the cold spring, but if the Fusion management could receive no credit on account of bad crop years and on account of five-cent cotton, then why should the Democratic management receive any credit on account of recent floods and the cold spring after they have had two years of good crops and nine or ten cent cotton?

In this connection the following extract from the Raleigh letter to the Charlotte Observer, under date of June 4th, is interesting and pertinent:

"At every meeting of the board some member asks the question, "Where is all the stuff the late management claimed to have?" Then there is a dead silence. One of the old board is a member of the new one, and he told your correspondent, with quite a flourish, last winter that it was impossible for the penitentiary to need a dollar this year or in 1902, or indeed ever afterwards, provided the admirable system in vogue was maintained. Now, when the question is asked "Where is all that stuff?" etc. This member sits mute. An oyster is talkative compared to him. Where is the $20,000 on the right side of the ledger," and where is the great supplies on hand? The peanut crop, as director O'Berry says, has "swunk" as Governor Nance's catfish did."

We join with the Observer's correspondent in asking why that promised report giving the condition of the penitentiary has not been made and also where is that $20,000 profit which they claimed to have made.

After the Democratic machine has figured up all the loss that they can possibly charge to the floods, then let them show that they could have made the penitentiary self-sustaining if there had been no floods.

It will be noticed from the above clipping that director O'Berry attempts to excuse the condition of the penitentiary on the ground that the peanut crop has "swunk." Director O'Berry may be a pretty fair lumberman, but as a director of the penitentiary he is nothing more or less than a burlesque.

IS THE REVENUE ACT CONSTITUTIONAL?

Many features of the Revenue Law passed by the last legislature are meeting with condemnation on all sides. Many of those who feel the injustice of the act have begun to investigate its constitutionality.

The last legislature and the one preceding it have passed so many unconstitutional laws that it will be strange indeed if they have not, in their partisan and revolutionary crusade, made the revenue act unconstitutional also. Of course, they will want to impeach the whole court if this act is declared unconstitutional, but, no doubt, they will come to the conclusion that they cannot do so.

In this connection we are reminded of a story that was being told around the Yarborough House by some of the Simmons' machine followers while the impeachment trial was in progress. The story was intended to be at the expense of the judges who were being tried and was to the effect that upon one occasion a hunter, having shot at a wild turkey and having succeeded only in breaking one of his wings, attempted to outrun the turkey and catch it. The swift footed bird, however, reached the fence, leaped it glibly, and passed into the woods out of sight. The hunter reached the fence and leaning upon it almost breathlessly exclaimed, "Oh, d—n you; I didn't catch you, but you will roost lower the remainder of your life."

This story was told with much pleasure and satisfaction, we are informed, by members of the Simmons' Machine as applying to the judges when it became evident that the effort to impeach them would probably fail, but inasmuch as the court has since declared the first act of the last legislature that came before them unconstitutional (we refer to the unconstitutional act attempting to create an unconstitutional judge in the Asheville District), we have not lately heard of members of the Simmons' machine repeating this story.

THE SUFFRAGE PROBLEM IN ALABAMA.

The CAUCASIAN has on several occasions referred to the struggle which the Alabama constitutional convention is having with the suffrage question. The other day when the "grand-father" clause, copied from Louisiana and North Carolina, was offered in the convention there were many protests against it on the ground that it was unconstitutional and that the only way to reduce the influence of the negro in Southern politics was by prohibiting him from holding office, which it was constitutional to do under the 15th Amendment.

A recent issue of the New Orleans Times-Democrat containing a report of one day's proceedings of the convention has just been received. It reports Mr. Knox, the chairman of the convention as going further in his opposition to the "grand-father" clause and declaring that Alabama cannot afford to offer a stimulus to the young negroes to learn to read and write so as to enjoy the suffrage and to deny to the white youth of the South that same incentive. It will not do, he declared in effect, to tell the negro boys, "We will let you vote if you learn to read and write," and to tell the white boys "you will get suffrage however illiterate you may be; you need not go to school; you can vote whether you go there or not."

Thus it will be seen that Chairman Knox is not only opposed to the grand-father clause, which attempts to let all illiterate white people vote for eight or ten years while requiring all the negroes to learn to read and write at once before they can vote, on the ground that it is unconstitutional, but also on the ground that it will cause more negroes than whites to learn to read and write in the next few years. He is in favor of giving to the whites at least an equal incentive and inducement to get an education as that given to the negroes.

This position taken by Chairman Knox is unquestionably sound and patriotic. The CAUCASIAN used this same argument and tried to influence the Simmons' machine in this state to desist from its unwise and unconstitutional policy in the last campaign, but to all our appeals and arguments they turned a deaf ear.

It is noticeable that Senator Morgan has joined with Chairman Knox in this position. It will be remembered that Senator Morgan attempted to defend the North Carolina and Louisiana provisions in the Senate last summer, but now, when it comes to legislating for his own state, he has changed his mind and thinks that that policy is not constitutional or wise.

THE GREAT FLOODS, THE DAMAGE, AND THE CAUSES.

In another column will be found a report made by an officer of the Geological Survey as to the damage caused by the recent great floods in the western part of the state and also an interesting discussion as to the causes of these floods.

It will be seen that the officer who made the examination says that the rainfall was not so large as it has been in the past when much less damage was done, and that the present damage resulted from the cutting away of the forests from the mountain sides. He concludes his report by saying that the establishment of the Appalachian Park to preserve the forests around the headwaters of these streams would be one of the greatest and most effective remedies.

The Senate Committee on Forest Reservations during the last session of Congress favorably reported a bill to establish the Aappalachian Park and Forest Reserve. The object lesson furnished by the recent floods should cause the next Congress to establish this park and forest reserve without further delay.

PUBLIC SCHOOL BOOKS.

In another column of this issue of the CAUCASIAN we publish a list of the public school books selected by the State Board of Education for the next five years. Many of the books recommended by the Board are new to us, and, therefore, we are unable to say whether they are better or worse than the books that have been in use. If they are equally as good or better, then we desire to congratulate the Board upon securing the contract for the books for the next five years at a less price than they have cost in the past.

However, it is rather significant that the sub-Text Book Commission appointed by the legislature recommended almost entirely different books from those selected and approved by the State Board of Education. This sub-Text Book Commission created by the legislature cost the State one thousand seven hundred dollars in expenses and salaries, and yet it seems their work has been worth nothing, because the State Board of Education has spurned, or, at least, ignored their report and adopted a lot of new books with strange names. We, trust, however, that their action has been wise and will prove beneficial to the State in the long run.

THE SCANDAL GROWS.

In another column will be found an editorial taken from the Monroe Enquirer headed "Has reached the Sickening Point." The Enquirer is a democratic paper, but it justly raises its protest against the action of the members of the last legislature in creating a large number of new offices and then filling all these offices with themselves.

In the first place, there was no necessity for the creation of these new offices, and in the next place, even if there were such a necessity, common decency should have kept men who voted to create these places at the public expense from voting themselves the jobs.

The CAUCASIAN has referred to this scandal several times. Since we last published a list of those members of the legislature who had created jobs for themselves, Mr. Robinson, a member of the legislature from Anson county, has secured one of the solicitorships which he voted to create, and Mr. Mann, another member of the legislature, has secured for himself the new fat position of head of the penitentiary.

Surely the voters of the state will not approve of such methods when next they render their verdict at the ballot box.

The State Board of Elections for the next two years has been appointed. It consists of three democrats and two republicans. The Simmons Machine is determined that the Peoples party shall not have representation, and furthermore, the two republicans on the Board are from the extreme western part of the state. Therefore, the entire opposition to the Democratic party in the whole central and eastern parts of the state is denied representation on this most important election board.

Notwithstanding this effort to disfranchise the Peoples party from representation on this State Board, if the Peoples party can have one representative on every election board at every voting precinct in the eastern part of the state the majorities which Simmons has been able to steal in the east will disappear or the people will know the reason why.

With strikes, the importation of foreigners to take the places of local machinists, appointments weekly of some legislator to a public job, reckless extravagance in nearly every department of state, junketing of public officers, the bankruptcy of the penitentiary, we are really enjoying something like a "force and fraud" administration.

In connection with the flamboyant letter of the de-facto governor of this state, in which he talks about preventing lawlessness, preserving peace &c, we pause to ask what in the thunder does a red-shirt force and fraud governor know about these things.

Change in Pullman Service.

Taking effect about June 10th, the Seaboard Air Line Railway will resume operating Pullman car between Hamlet and Portsmouth on their trains Nos. 38 and 41 passing Raleigh 11:25 a. m. Northbound, and 3:50 p. m., southbound. This service was discontinued last February, but on account of increase of travel it has been decided to put this service in effect next week.

THE NEW WOMAN.

Mrs. Rose Parker.

Mrs. Rose Parker, President William Downs Woman's Relief Corps No. 48, also chaplain Northwestern Legion of Honor, writes from 2419 Central avenue, Minneapolis, Minn., as follows:

"For several years I suffered with a severe backache, and constant dragging pains. Some doctors gave it one name and some another, but none gave relief. Several of my friends urged me to try Peruna, so I was finally persuaded to try it and the first bottle brought blessed relief. I have used it off and on for three years. It keeps me in excellent health."

Dr. Rachel A. Magaw, 67 W. Jefferson street, Springfield, O., says: "Your Peruna is worth its weight in gold. I feel like a new woman."

The coming of what is known as the "new woman" in our country is not greeted by everyone as if she were a great blessing. But there is another new woman whom everybody is glad to see. Every day some invalid woman is exclaiming, "I have been made a new woman by Dr. Hartman's home treatment." It is only necessary to send name, address, symptoms, duration of sickness and treatment already received to Dr. Hartman, Columbus, O., and directions for one month's treatment will be promptly forwarded. The medicines can be obtained at the nearest drug store.

NERVOUSNESS AND NERVE.

The more nervous a man is, the less nerve he has That sounds paradoxical—but it isn't; for nerve is stamina.

Hood's Sarsaparilla gives nerve. It tones the whole system, perfects digestion and assimilation, and is therefore the best medicine a nervous person can take.

If you get tired easily, mentally or physically, take it—it will do you good.

At Savannah, Ga., Tuesday thirty extra policeman were sworn in by the Mayor to protect the property of the Seaboard Air Line and their employers. The strikers and their sympathizers were trying to persuade the other machinist employed by the Seaboard to quit work. One of the employers was wounded with a stone.

STREET INCIDENT.

"My Dear Sir," exclaimed lawyer Bartholomew Livingston, meeting the Rev. Dr. Archibald Wiudham on the village street, "What does this mean? I thought you were laid up with all sorts of bad diseases!"

"And so I was," replied the reverent gentleman, "I had an attack of indigestion and from that time on my whole system has been in a disordered condition until I began taking Hood's Sarsaparilla which has put me on my feet and cured all my stomach troubles."

"I don't doubt it," said the lawyer. "This same medicine cured my wife of rheumatism and my little girl of scrofula. When they say it's the best medicine money can buy, they only tell the truth."

"Yes, yes, so they do," replied the minister, and the two passed on.

BAD BLOOD, BAD COMPLEXION.

The skin is the seat of an almost endless variety of diseases. They are known by various names, but are all due to the same cause, acid and other poisons in the blood that irritate and interfere with the proper action of the skin.

To have a smooth, soft skin, free from all eruptions, the blood must be kept pure and healthy. The many preparations of arsenic and potash and the large number of face powders and lotions generally used in this class of diseases cover up for a short time, but cannot remove permanently the ugly blotches and the red, disfiguring pimples.

Eternal vigilance is the price of a beautiful complexion when such remedies are relied on.

Mr. H. T. Shobe, 3704 Lucas Avenue, St. Louis, Mo., says: "My daughter was afflicted for years with a disfiguring eruption on her face, which resisted all treatment. She was taken to two celebrated health springs, but received no benefit. Many medicines were prescribed, but without result, until we decided to try S. S. S., and by the time the first bottle was finished the eruption began to disappear. A dozen bottles cured her completely and left her skin perfectly smooth. She is now seventeen years old, and not a sign of the embarrassing disease has ever returned."

S. S. S. is a positive, unfailing cure for the worst forms of skin troubles. It is the greatest of all blood purifiers, and the only one guaranteed purely vegetable.

Bad blood makes bad complexions.

SSS purifies and invigorates the old and makes new, rich blood that nourishes the body and keeps the skin active and healthy and in proper condition to perform its part towards carrying off the impurities from the body.

If you have Eczema, Tetter, Acne, Salt Rheum, Psoriasis, or your skin is rough and pimply, send for our book on Blood and Skin Diseases and write our physicians about your case. No charge whatever for this service.

FOR 20 YEARS

Dr. Hathaway has been known as the leading specialist in the cure of chronic diseases. "Incurable cases" are sent to him daily from all parts of the country by physicians who have had demonstrated to them the invariability of his cures. To him no case is "hopeless." His method of treatment is his own. It is a system which has been developed and perfected during his long years of active, constant practice.

Dr. Hathaway has confined himself to the treatment of chronic diseases—those of the Blood, the Nerves and the Genital and Urinary organs. His cures of Varicocele and Stricture without operation, by means of a painless home treatment, are the marvel of the medical profession. Men who have lost the vigor of nature or whose blood has been polluted by contagion are brought back by him to a perfect state of health and energy.

He invites all those who have any form of chronic disease or weakness to call at his office, or write him, for free consultation and examination and advice. He will also send free, in plain wrapper his new 64 page book and self-examination symptom blanks to anyone who writes to him in confidence.

CURRENT LOCAL NEWS.

The store of Boylan, Pearce & Co., on Fayetteville street, was robbed Sunday of $9 25 There is no clue to the thieves.

Bids are being asked for the construction of the new textile building for the A. & M. College. This building is to be 75x130 feet—cotton mill style.

It is said by farmers that labor is so scarce and high, that is the floating labor which they so greatly demand at certain seasons, that a curtailment of acreage seems necessary.

The Supreme Court, last week, reaffirmed the verdict given by a Wake county jury to Capt. S. S. Coley for $12,500 against the Southern Railway. Capt. Coley sustained the loss of an arm in a smash up at Goldsboro some time ago.

Auditor Dixon, who has charge of pension matters, says the lists of applicants are already coming in andthat there will be no falling off, on the contrary an increase. He added that the average North Carolinian knows the value of a dollar too well to deprive himself of it when he is entitled to it.

The Supreme Court Judges have gone home. Chief Justice Furches left for his home at Statesville. Justice Douglas went to his home at Greensboro. Justice Cook has gone to his home at Warrenton They will probably not return to the city before the latter part of August.

Attorney General Gilmer has given an opinion as to the matter of taxation of salaries of judges and State officers. He holds with Attorney General Batchelor, in the latter's opinion in 1856, that such salaries are not taxable, and says a number of Supreme Courts have affirmed that opinion, and it seems to be acquiesced in by the public as a sound exposition of law.

The pay of the lawyers goes merrily on, and nothing much is said about it these days. It has been reported that the attorneys who appeared for the state in the tax assessment cases presented bills for $3,000 each in addition to the $2,000 paid them. The Auditor gave them warrants for only $500 each. Lawyers who were paid $500 are J. C. L. Harris, John W. Hinsdale and Charles A. Cook. Simmons, Pou & Ward were allowed $1,000, as two members of that firm appeared.

The executive committee of the trustees of Wake Forest College met last week and elected C. C. Crittenden, professor of pedegogy, an instructor in the gymnasium, and made his salary $1,000. A committee was appointed to make recommendations concerning a medical department, which is to be established this year. H. C. Dockery, George W. Norwood and J. C. Caddell were appointed a committee to arrange for the complete electric lighting of the buildings and the grounds.

The State Board of Agriculture has set apart about $2,000 as a starting fund for Agricultural scholarships at the Agricultural and Mechanical College. The college will supplement this sum by about $3,000 at once. It appears that some interest is being attempted at last in the matter of developing the Agricultural feature. The scholarships are worth about $30 each now and will be restricted to agricultural students. The board gives $2,000 to be expended for work upon the college farm done by such students. It was declared by the deposed professor of agriculture, in his remarks to the board of agriculture, that little or no attention had been paid to agriculture by the college authorities. There is hardly any doubt that while the board is trying to be liberal it is going beyond its means. But increase in public appropriations and wild expenditures are the order of the day in North Carolina.

THE MACHINISTS ON STRIKE.

Various Reports and Rumors in Connection Therewith—A Little Episode That Caused Some Excitement.

The strike of machinists for a nine hour day, which is felt nearly all over the country, is on in Raleigh, and has been ever since it was ordered. The railroad machine shops are the centre of the contest here, and there have been some happenings which are made the basis of all sorts of reports and rumors.

The striking machinists say they have won the fight. It was reported on Saturday that only six men were at work in the Seaboard Air Line shops.

There has been no trouble caused by the strikers up to this time, but it does seem that the railroad company is having a little Fourteen men were brought from Portsmouth on last Friday to work in the shops. They were from New York and Pennsylvania and they are being lodged by the company. It is said that two of them left after having seen the situation of affairs Only three of the lot were regular machinists. According to reports going the rounds, they say they were promised 27½ cents per hour for each ten hour day as long as they lived. Another report is that the company is arranging a box car for the new men to live in and that the car will be kept in the round house.

On last Saturday there was some excitement about the round-house on account of an explosion which occurred there, though no damage was done. It appeared to have been caused by an ignited fuse. It was at first thought that it was caused by the strikers, and the railroad officials wrote to the Governor asking for the appointment of four police on special service. The Governor declined to do this on the ground that it would tend to cause irritation, inasmuch as these police would be regarded by the strikers as railroad police rather than state police. The Governor however, promised that the power of the state would be invoked to preserve property, peace and life. It was ascertained that the strikers had nothing to do with the explosion.

The latest information is to the effect that fourteen men is at work in the shops.

Pungent Points For Purchasers.

Good teeth are very desirable. To have them it is necessary that they receive proper attention and care. The New York Dental Association under the management of Dr Norris located in the Holleman building on Fayetteville street, will treat them for you if they need it. Prices are reasonable. Look for their advertisement elsewhere in this issue.

You may think you are not going fishing but the fact is that most of us will go some day because we can't go anywhere else. Haven't time you see. Then remember that fishing tackle that will both tempt and fool a fish is a specialty of A. S. Womble at corner of Hargett and Wilmington streets. His "Headquarters Card" is in this issue.

Most of everybody's business is just a little of somebody else's business. It is somebody's business to know that A. N. Jones and Co., have moved their nice grocery store to the corner of Fayetteville and Davie streets, and they tell in this issue just how much they have got to do with other peoples' business. They do it in a way that will convince you they know what they are talking about. See their card.

Raleigh is well known for its enterprising business houses and the liberality of its merchants. Among the fine clothing and gents furnishing houses, none are superior to the well known firm of S. & D. Berwanger, the "One Price Clothiers" on Fayetteville Street opposite the market. They are just now making a special run on Featherweights and the weather certainly is such that "Featherweights" are most desirable.

In addition to this special line you can get anything else that is carried in a first class establishment, besides the fine line of seasonable hats, neckwear &c, and at prices that appeal strongly to the purchaser. Call in and see them. You will be welcomed wheather you purchase or not. The proprietors and salesman are exceedingly clever. They have an attractive advertisement in this issue of THE CAUCASIAN which tells more fully of what they have to offer the public.

The Troubles of the Farmer.

Wakefield, N. C., June 6.

I have seen lots said about the heavy rains, the mills and bridges washed away, and the great damage to the farmers, but I have not seen anything said about the "crab grass."

The crops look blue—just like a thick crop of oats just come. The Simmons amendment or something else, has driven the labor out of the county, and the farmers are offering fifty to seventy-five cents and board per day for hands, and cannot get them at that price, and yet it rains, and there are wide gulleys all over the fields. The farmer has to contend with the world, flesh and the devil, railroads, combines, tobacco worms, insects, rain, wind and weather; though I sold $12 worth of Jule Carr's black Essex pigs today and am happy.

THE PUBLIC SCHOOL FOUNDER.

C. H. Wiley Who Begun the System of Public Education Honored

Last week, on the day of the closing of the public schools, there were some interesting exercises at the Academy of Music.

The principal features were the presentation of a portrait of the late Rev. Calvin H. Wiley by his widow, Mrs. Wiley, of Winston, to the Wiley school, and of a flag to the same school by the Chamber of Commerce.

The presentation of the protrait was made by Prof. M. C. S. Noble, of the chair of Pedagogy, at the University of North Carolina, and the flag was presented by A. J Fields, Esq. Both gifts were accepted on the part of the school officials and pupils by Mr. J. W. Bailey, the editor of the Biblical Recorder.

The exercises were under the direction of Mayor Powell acting as master of ceremonies.

The exercises were opened with prayer by Dr Daniel, followed by an appopriate selection of music by Hollowbush orchestra.

Raleigh Business Directory.

A newspaper whose columns overflow with advertisements of business men has more influence in attracting attention to building up a town than any other agency that can be employed. People go where there is business. Capital and labor go where there is an enterprising community. No power on earth is so strong to build up a town as a newspaper well patronized, and its power should be appreciated.—T. DeWitt Talmage.

Baby's Coming

McDonald, Ga., July 16, 1900.

I advise every suffering woman to take Wine of Cardui. While I was going with my other children I was compelled to stay in bed for days at a time, but this time I have taken Wine of Cardui and Thedford's Black-Draught and have been able to do all my housework without any trouble. I am expecting every day to be confined. My husband thinks Wine of Cardui is the best medicine in the world. He takes a dose of Thedford's Black-Draught every night and gives some to the children. He has not lost a day from work this year. He tells his friends about your wonderful medicines and I tell my lady friends to use your Wine of Cardui. Mrs. GEORGIA LEE.

WINE OF CARDUI

There are thousands of women who shrink in terror at the thought of the baby's coming. But childbirth is one of the workings of Nature and it was not intended to imply torture and agony to the heroic mothers of the race. The woman who suffers torture during pregnancy and at childbirth has usually, by some indiscretion, injured the organs which make her a woman. Neglect of menstrual irregularities leads to ovarian pains, falling of the womb and leucorrhoea, and the period of pregnancy is necessarily distressing under those conditions. Wine of Cardui will regulate the menstrual function perfectly and eventually make the generative organs strong and healthy. Pregnancy and childbirth have no terrors for the woman who takes this pure Wine. A strong healthy womb will bring its precious burden to maturity with little or no pain. A healthy woman need not fear childbirth. Wine of Cardui completely cures all these troubles familiarly known as "female diseases" and equips the sensitive generative organs for pregnancy and childbirth. It will save any mother much pain and suffering. All druggists sell $1.00 bottles.

Love's Way Is Best.

F. L. S. in Atlanta Constitution.

You to your home o'er the darkening sea—
To beautiful gardens of perfect rest:
The will of Love is enough for me:
Love's way is best.

Not that there is not a pang—a gl am
Of a dying star in a heaven unblest:
Sweet was the love, dear, and sweet was the dream;
But Love's way is best.

New worlds shall welcome you—new stars shall shine
Far from these valleys of grief and unrest:
Love still is yours dear, and Mem'ry is mine:
Love's way is best.

God give you joy as the years drift along!
This flower of farewell to you—withering, unblest.
Sweet was the singing when you were the song!
But Love's way is best.

Her Love Was Strong.

Good Times.

Literature is full of incidents in which women have been abducted and forced into more or less unwilling marriage with their abductors. It is not so often that the woman is the abductor, but there are some such cases if one may believe the author of the following:

A timorous Sussex bachelor, alarmed at the amorous advances of his cook, gave her notice. Some weeks afterwards, while on a country walk, he met his late domestic, accompanied by her mother, a lady of masculine mien and muscle. Without a word the pair seized him, bore him to their house in the immediate neighborhood, and did not release him until he had given in writing an offer of marriage—a document which he subsequently redeemed only at considerable expense.

Less fortunate was a German farmer named Obermayer, who had unfortunately for himself taken the fancy of a strapping lass who worked in his fields. Finding languishing look and bashful advance of no avail, the girl, who was gifted with almost Herculean strength, repaired to the farmer's house at a time when he was sure to be alone, and, on prayer and entreaty proving futile, bound him with a rope she had had the forthought to bring with her, and, having gagged him, drove him off in one of his carts to her own cottage, whence, browbeaten and cowed, he departed only for the village church.

Division of Labor.

A preacher raising his eyes from his desk in the midst of his sermon was paralyzed with amazement to see his rude boy in the gallery pelting the hearers in the pews below with horse chestnuts. But while the good man was preparing a frown of reproof, the young hopeful cried out:

"You 'tend to your preaching, daddy, I'll keep 'em awake."

The housekeeper can lengthen the duration of lamp chimneys by putting them when first purchased into a pan of cold water. Put the pan on the stove and let it stay there until the water boils. Then set it off: leave them in the water until it is perfectly cold. It is astonishing how strong this simple method of tempering makes them. If you are inclined to doubt try an experiment. Take two chimneys from the same case, temper one and not the other and see which serves its purpose longest.

A Loud Trade Mark.

"What is that large brick structure just across the river?"

"That is a jewelry factory; I should think you could have told that by the whistle that just blew."

"The whistle?"

"Yes. Didn't it make the ear ring?"

All the ingredients of Ripans Tabules are excellent from the rhubarb to the soda, and the nux vomica which they contain is a remarkably good tonic. As an all-around tonic and blood purifier Ripans Tabules are without equal.

Elizabeth Killen, living at No. 2226 Hancock street, Philadelphia Pa.: "I have for the past two years suffered from indigestion and liver complaint. I am now twenty-one years old, and when nineteen years old I had the grip, which left liver complaint and indigestion. I was treated by three doctors and got relief only temporarily and was about to give up hope of getting better at all. I am a music teacher, and when I stopped going to doctors one of my scholars advised me to take Ripans Tabules. I got small boxes and took three tabules every day for two weeks, and felt great relief. I have now taken about fifty cents' worth and feel better than I have felt for two years. My complexion is not near so yellow, and the dark blotches on my face and neck have all disappeared and my eyes are clear.

All Druggist, 10 for 5 Cents

There is scarcely any condition of ill health that is not benefited by the occasional use of a R.I.P.A.N.S Tabule, and the price, 10 for 5 cents, does not bar them from any home or justify any one in enduring ills that are easily cured. For sale by Druggists.

ROYAL BAKING POWDER — ABSOLUTELY PURE

No other article used in the domestic economy of the household has so many enthusiastic friends among the housekeepers of America.

No other article of food has received such emphatic commendation for purity and wholesomeness from the most eminent authorities.

The great popularity and general use of the Royal Baking Powder attest its superiority.

The "Royal Baker and Pastry Cook"—containing over 800 most practical and valuable cooking receipts—free to every patron. Send postal card with your full address.

Avoid the imitation powders. They are sold cheap because they are made from alum. But alum is a poison dangerous to use in food.

Reasons Why you Should

Insure in the *The Manhattan Life*

Its business is confined strictly to the most healthy portions of the United States, thus its policyholders constitute what you might call a preferred class.

It is one of the strongest companies in the World, and its assets are big enough—$16,367,636.00—all gilt edged, and are invested entirely in America, thus receiving the constant care and attention of the officers of the company.

It is an American company, amenable only to our own laws and not subject to the dictation of various foreign governments.

It is not a racer for new business, the watch words of the company being, Strength, Solidity and Security.

Its policies are simple, clean, straightforward contracts.

Its management has been practicaliy the same for a quarter of a century.

It has paid its policyholders since organizatiod over $45,000,000.00.

We judge a company as we do a man. What are its morals? When other companies deserted the Southern Policy-holder, and used both the money he had contributed towards their success, and their influence to destroy him, the Manhattan stayed firm as a rock—"Justice" was their motto. See what a distinguished Statesman of Georgia says:

STATE OF GEORGIA,

Treasury Department.

Atlanta, Ga., May 12, 1891.

Why Mr. Hardeman had a policy in the MANHATTAN LIFE.

Maj. Jos. H. Morgan, Special Agt. Atlanta.

Dear Sir:—As agent of the Manhattan Life Insurance Company of New York, it affords me pleasure to say to you that my father was insured in your company, and by reason of the late war, he was unable to reach your company and pay his premiums as they fell due; and that after the cessation of hostilities, my father having died during the war, your company have paid to my mother the amount of his policy less the amount of premium unpaid. Yours Truly,

(Signed) R. U. HARDEMAN, State Treaturer.

And this was not an isolated case by no means.

So soon as the civil war was over the Manhattan announced that the company was ready to communicate with the old policyholders, inviting them to reinstate their policies, making one condition only, that the policyholders should be in good health.

Such an act of generosity was unthought of by any other company or corporation.

Knowing that their Southern policyholders were, most of them, men who had made every sacrific possible for the land that they loved, and that had been reduced from affluence to poverty, they offered, in lieu of ready money to accept a note covering the entire premium during the time that payments had lapsed. In addition to that they placed these policies on the same footing of other policies of the same date, in regard to dividends and and annuities.

The company went even further: In cases where the insurer was unable to comply with these very liberal terms, or did not care to renew the policy during these troublesome times, the Manhattan agreed to pay the purchase value of the policy as it stood on the date of the lapse from the non-payment of premiums

Although the Manhattan has made no boast of this act of generosity, which was not followed by other Northern Companies, "on the ground that the disloyalty of Southern policyholders vitiated their contracts," still it remains on record that the Manhattan was true and steadfast, honest and equitable, when all others forsook the old soldiers in the time of their direst necessity.

To advertise is simply to make known, who you are, where you are, and what you have to sell. How to do this effectually, and at the smallest possible cost is the problem for you to solve. The failure to obtain desired results from advertising is due to the way some people do it, and they invariably say "It does not pay." The judicious way is to use a medium that has reputation, circulation and permanency. Turner's N. C. Almanac has been the State Standard for 64 years, and has an annual circulation of 50,000 copies, and remains a standing advertisement for a year. Advertising rates upon application.
